Admittedly, it has been a nail biter this morning. Heresay and innuendo do not a crime make, they will impeach anyway and the Senate should prepare subpoenas. Prepare for gridlock on every issue that benefits Americans. This is disgusting.

Sondland just said that no one told him the aid was tied to anything, he PRESUMED it was

This inquiry is based on assumptions, speculation and hearsay

Can't impeach a President on that!

The tweet was quite obviously referring to Sondland never hearing a quid pro quo order from the President, but if you want to talk about conversations, sure. Did you hear the one Sondland just testified about?

President Trump: "I want nothing. I want no quid pro quo."

President Trump went on Fox and Friends and told America what we already know in our Seth Rich Investigations... Crowdstrike needs looked into and investigated.

They are the ones that viewed the DNC Servers, not the DOJ or FBI.. The Mueller Team never saw the DNC Servers..

Out of all these hearings I have learned that the American people are working their tails off to be taxed so these ambassadors and state employees can become millionaires and live in luxury. Ukraine is their moneypot. Not rocket science

Our hearts go out to the families of Iranian protesters who were killed this past week. Iranians, like people everywhere, have a right to protest peacefully without being brutally attacked by their own government and having the internet shut down for days. The world is watching.

At halftime of Harvard-Yale a sit in protesting climate issues has broken out on the field, at least delaying the second half and the way the protest is growing would be shocked if the game continues.

In 2016, Black Voter Support for President Trump was around 8%.

New Polls by Emerson and Rasmussen now show that number between 34-35%.

This is going to be a Reaganlike Landslide my friends.

Dems are keeping Biden in, even though they know he has no chance, to find another demographic slice & dice now that their historical base is leaving them. Next up they will try the age divide Boomer vs Millennial/X/Y/Zer. You'll see it soon with some silly catchy memes

Morris had the two worst seasons in Arkansas history back to back, it's inexcusable, he had to be fired.

Next Hunter will say that he's back on crack and needs a stay in rehab. This will, of course, make him unavailable to testify at the Senate impeachment trial

That was a lame move. Child Support courts can take the money and lock him up. The US is tough on deadbeat parents.

Bad stuff. Mother and Father need to establish terms and those terms must be honored. At no point should one parent have to cry to and beg the govt for assistance if the other parent is living, able and of course not incarcerated.

Even Congressional hearings must accord some due process. Process granted by a dictator is not "due" or constitutional. The Senate should allow the President's case first to prove innocence.

Witnesses Bidens, Poroshenko, Obama, etc.

Jenna Ellis @JennaEllisEsq

Joker Nadler says the President can "exercise specific privileges" HE and the Dems determine. That's NOT due process — that's demanding @realDonaldTrump play by rigged, biased rules or not play at all. Not a fair game.

I have not taken a penny for representing my friend, President Trump. I am outraged that @SteveHiltonx reported that I was trying to pursue private business deals in Ukraine to "enrich" myself, when in reality I have made ZERO in Ukraine. Very lazy reporting.

Rudy Giuliani's about to sue Steve Hilton into the Stone Age.

Big mistake Steve... You literally just bit the hand that feeds you, including your audience. Pathetic to lie and smear the President and Rudy Giuliani like you've done today

For those asking, I have Retweeted Rudy's Tweets about it, and I'll have an article with the video up from the show in 5 minutes.

Since representing Trump I have considered and turned down all deals in Ukraine, even those not presenting a conflict.

Lawyers tell me @SteveHiltonx is a wild card and I should sue him for libel.

He recklessly disregarded the truth

60 y/o Professor Pamela Karlan and her domestic partner Viola Canales have no children.

Which obviously explains why she thought it was a good idea to attack President Trump's youngest son 13 y/o Barron Trump during her unhinged testimony.

3 of 4 "experts" in this sham hearing have known biases against @realDonaldTrump. Not only is @POTUS given no rights in this process, the Dems' "witnesses" made up their minds long before today. The people of this country are being cheated of a Congress who works for them.

How one person can vote for the do-nothing, Communist Democrats is beyond me.

It's amazing how many brainwashed, mindless zombies our government schools and colleges (indoctrination camps) have churned out.

This is more dangerous to our freedom than Russia and China, combined

But that is completely false.

Over 31,000 scientists with PHD's in their respected fields have signed a petition calling it a hoax.

So why does the media choose to ignore that & lie to us?

Our Public Schools are an absolute DISGRACE full of nothing but LIBERAL Indoctrination of our Children.

The Average School gets $10,000 per year per student. Higher in places like New York, Lower in Utah..

Give Parents the Money, and let them choose where their kids go!!

Let me get this straight:

Hillary and the DNC fund foreign opposition research with the intent of spying on Trump

FBI does spy on Trump while Strzok and Page brag about reporting back to Obama on it

No one goes to prison

No justice

This is a disgrace to America

Sick.

It's not a gaffe when you do it a few times a week.

If @realDonaldTrump forgot where he was once, the Media would have a field day, when Joe Biden does it a few times a week its crickets.

If he can't even remember where he is how's he going to do 1 on 1 with DJT for 6 months?

THIS IS A PATTERN.

Joe Biden doesn't know where he is.

I'm so fired up right now.

The FBI can screw everything up, but nothing was politically biased. So as long as there are mistakes, the government can say it was legit.

Feels like another James Comey/Hillary moment. Here is what I think of the report

I have a simple question.

What exactly would a member of the FBI have to do for Horowitz to see political bias?

THREAD: You will probably see plenty of spin and headlines today claiming the FBI is exonerated in this report. That is laughable, to put it lightly. The report eviscerates senior officials who broke rules and abused power.

Let's go over some of the details

## Trump campaign statement on Justice Department Inspector General Report

"This report confirms significant misconduct and wrongdoing by the Obama Biden FBI. The Clinton campaign and the DNC paid for foreign sources to manufacture fake dirt on President Trump and his campaign, resulting in the now-debunked Steele Dossier. These politically motivated accusations were used to justify the surveillance of a U.S. presidential campaign by the FBI, which falsified information and concealed evidence that didn't fit their narrative

CONFIRMED

Hillary Clinton paid a foreign spy to compile a dossier on Trump based on Russian sources.

That dossier was the sole source used for the FISA warrants.

The FBI used taxpayer dollars to pay the spy

The highest levels of government were aware of all of this.

There is nothing more infuriating, blasphemous, and sickening than listening to Democrats claim they're defending the Constitution..

These are the same people that have been campaigning for 3 years that they want to get rid of the Electoral College because they lost an election.

Huge win for President Trump getting USMCA over the finish line, but most importantly, it's a huge win for the American worker with all of the new US jobs that will be created, the US GDP that will increase, and the new US investment that will be coming in. Great news!

United States-Mexico-Canada Agreement (USMCA)

*"More than a year ago, President Trump sat on the world stage and signed an agreement with the leaders of Canada and Mexico to revolutionize the way we do business with our top trading partners. Today, the United States-Mexico-Canada Agreement is ready to be ratified. This deal not only brings our trade policies into the modern age, it is a* ***victory for the American worker*** *— including those who have felt the impact of bad trade policies of the past which have outsourced jobs and opportunity.*

*"In the midst of the greatest economy in our lifetime with record unemployment and rising wages, this agreement ensures this prosperity extends to communities throughout the country that build, grow, and farm American-made goods. As President Trump continues to press China on their unfair and destructive trade policies, this deal will give the United States the negotiating power to maintain the most dynamic and prosperous economy in the world.*

*"Today is a great day for the country. But these obvious and bipartisan opportunities to make America stronger have fallen victim to the partisan politics in Washington. Democrats have spent the last several months objecting and making excuses to delay this agreement — too worried that a winner for the country is a political loser for their progressive base. Republicans never once doubted the benefits of passing a trade deal built for the 21st century — a deal worthy of the legacy of the American worker*

Impeachment sounds great.

Let's go back to losing jobs, higher unemployment, terrible trade deals, low GPD, higher taxes, massive regulations, more food stamps, awful VA care, higher prescription prices, & being fined for not having healthcare.

Nadler just said that I "pressured Ukraine to interfere in our 2020 Election." Ridiculous, and he knows that is not true. Both the President & Foreign Minister of Ukraine said, many times, that there "WAS NO PRESSURE." Nadler and the Dems know this, but refuse to acknowledge!

The US-Mexico-Canada Agreement is a win for the American worker and has been since the day President Trump signed it over a year ago.

Dems delayed #USMCA for too long. But finally—after months of relentless advocacy from Republicans—we're one step closer.

My full statement ↓

## USMCA Deal: A Win for the American Worker

December 10, 2019 | View Online

**Washington D.C.** – Republican Leader Kevin McCarthy (CA-23) released the following statement following Speaker Nancy Pelosi's announcement on the United States-Mexico-Canada Agreement (USMCA).

*"More than a year ago, President Trump sat on the world stage and signed an agreement with the leaders of Canada and Mexico to revolutionize the way we do business with our top trading partners. Today, the United States-Mexico-Canada Agreement is ready to be ratified. This deal not only brings our trade policies into the modern age, it is* ***a victory for the American worker*** *including those who have felt the impact of bad trade policies of the past which have outsourced jobs and opportunity.*

*"In the midst of the greatest economy in our lifetime with record unemployment and rising wages, this agreement ensures this prosperity extends to communities throughout the country that build, grow, and farm American-made goods. As President Trump continues to press China on their unfair and destructive trade policies, this deal will give the United States the negotiating power to maintain the most dynamic and prosperous economy in the world.*

*"Today is a great day for the country. But these obvious and bipartisan opportunities to make America stronger have fallen victim to the partisan politics in Washington. Democrats have spent the last several months objecting and making excuses to delay this agreement — too worried that a winner for the country is a political loser for their progressive base. Republicans never once doubted the benefits of passing a trade deal*

Trump has become a MUCH more polished speaker than he was initially 4 years ago!

He's actually BETTER in many aspects than some highly "polished" speakers I've seen

He's not "PC", he moves seamlessly across topics, talks TO the people, (not over them), & he rally's the troops!

Listening to IG Horowitz testify, only two real possibilities here:

1) FBI allowed abject morons who don't know or follow the most basic procedures, and had no common sense or sense of fairness, to run the the most sensitive investigation in FBI history

2) they were biased

Horowitz is in the Senate, calmly taking apart Democrat talking points one by one. Saying the known false dossier was an "essential" part of the FISAs. Declining to rule out political bias motivating FBI agents. He says no FBI person involved is vindicated.

This is stunning.

You are witnessing the details of a coup conspiracy being revealed in real time. And don't believe that these were rogue FBI agents acting without direction from the highest levels of the FBI & the White House. Hopefully Durham is doing his job and people fry for this criminality

How is abuse of power an impeachable offense?

Anything the President does can be construed by certain people as abuse of power.

Obama has the FBI, DOJ, IRS weaponized. That is abusing power.

Where was the impeachment then?

The Republicans House members were fantastic yesterday. It always helps to have a much better case, in fact the Dems have no case at all, but the unity & sheer brilliance of these Republican warriors, all of them, was a beautiful sight to see. Dems had no answers and wanted out!

Doesn't he have that backwards? Shouldn't the upper echelon of the Bureau apologize to @realDonaldTrump and the American people? And to the field agents and working employees of the agency?

This hatred of Trump is unwarranted. Where are our establishment religious leaders preaching against hatred. The evangelical leaders seem to be the only ones affirming the values taught by Jesus Christ. It's time for the Catholics, the Episcopals, the Orthodox, etc to speak.

Let's all hope his son doesn't follow in the example Hunter has set we already have our fair share of liars and thieves in our government as it is. His mom may be able to get him headed down the right path while daddy is away in prison. I don't know.

The liberals couldn't believe President Trump Would speak out against their Climate Change Puppet Greta Thunberg..

Here's Greta and her parents all wearing Antifa shirts...

This is who the left supports, instead of a President who truly loves America and it's people!

Nancy Pelosi just got duped in an interview to admitting that she has been working on impeaching me for "two and a half years." In other words, she lied. This was the Radical Left, Do Nothing Democrats plan all along, long before the Ukraine phone call. Impeachment Hoax!

The Republicans House members were fantastic yesterday. It always helps to have a much better case, in fact the Dems have no case at all, but the unity & sheer brilliance of these Republican warriors, all of them, was a beautiful sight to see. Dems had no answers and wanted out!

I saw that! Now that I'm seeing this again I still can't believe he is an actual journalist. I still say most of them including Cry Baby Lemon got on a computer and printed out a certificate for themselves saying they went to school for journalism!

Hilarious! Don Lemonade. He has no sense of humor just like the rest of the Dems.

I hate to say this but wearing ANY political attire when you're a Santa is idiotic. I'd have fired him too. Leave politics out of holiday celebrations including Christmas PLEASE give us a break from the non-stop bickering!

You're right, but it's funny how gutsy he was. Any visible attire. Santa was born a long time ago and he should be wearing a gnome hat with JESUS on it. Oh, wait, that's religious. How about
Adam?
